RELEVANT EXPERIENCE

Senior Frontend Engineer

Epassi Netherlands ↗
08/2025 - Present

- Built and maintain the component library that powers 5 B2B and consumer portals across the BFNL platform.
- Fixed security issues in production, JWT tokens were exposed in URLs and weak server-side validation.
- Found an architectural issue where everything was rendered on the client and implemented SSR for the parts that actually needed it.
- Work with backend devs, designers, and product to ship user facing features.

Lead Frontend Engineer

Hertza LLC ↗
10/2022 - 07/2025

- Progressed from Mid-level to Senior and later to Lead developer during the project, taking a role in the technical direction.
- Led platform migration from Gatsby to Next.js for an award-winning email validation service, rebuilding 1,000+ pages across English and Spanish versions.
- Took Lighthouse scores from red/yellow to consistent green on all Core Web Vitals.
- Helped migrate deployment pipeline from Jenkins to GitHub Actions for more reliability.

Frontend Engineer

Jellysmack ↗
01/2022 - 10/2022

- Build and maintain components used to construct products across Keli Network.
- Focused mainly on Kamua - a browser-based video editing platform, similar to Adobe Premiere, but built with React, enabling content creators to edit video content directly in the browser.

Junior Frontend Engineer

IBM ↗
01/2021 - 01/2022

- Worked at IBM on enterprise digital platforms, contributing to projects delivered for clients such as BP Digital and Shell South Africa.
- Developed features for a React Native mobile application enabling EV drivers to locate and pay for fast charging stations across UK, Netherlands, and Germany.

SKILLS

Programming Languages

Javascript (ES2015+), Typescript, HTML, CSS, Sass, GraphQL

Libraries & Frameworks

React, Next.js, Gatsby, Node.js, React Native, Tailwind CSS, Material UI, ShadCN

Tools & Platforms

Git, Github, Netlify, Vercel, Storybook, Webpack, Turbopack, Figma

EDUCATION

Computer Science

Spiru Haret University, Bucharest
Bachelor of Science in Computer Science
